

日本夜尿症学会会員各位

International Children's Continence Society (ICCS)2019 の案内が来ましたので、皆様にお知らせします。演題締め切りは4月30日ですので、よろしくお願い申し上げます。

INVITATION LETTER

On behalf of International Children's Continence Society (ICCS) we are pleased to invite you to attend the Annual ICCS Congress to be held on 12 to 14 September 2019 in Poland. The venue for the meeting will be the HILTON at the Motlawa river, in the beautiful, historical city of Gdansk.

300 pediatricians, pediatric surgeons, pediatric nephrologists and urologists, clinical researchers, physiotherapists and nurses from all over the world will share the latest advances in the management of pediatric urinary tract diseases. An international faculty has been assembled to create a very interesting program covering all aspects of children's incontinence and will host worldwide recognized experts in this field (including Tryggve Neveus – Uppsala, Johan Vande Walle – Gent, Soren Rittig – Aarhus, Mario de Gennaro – Roma, Tom de Jong – Utrecht).

The ICCS Congress will be a dynamic forum where health workers caring for children can network, sharing their clinical experiences, as well as research and development in the field of children's kidney, bladder and bowel diseases with colleagues from Europe, and beyond.

The success of the meeting will depend on your attendance. We attach a flyer of the Conference for your information and for dissemination among people whom may be interested to join us. Detailed program and participation conditions are available on the web-site: www.iccs2019.com. Abstract submission will be open from 1.03.2019 to 30.04.2019

Gdansk is a beautiful, vibrant city in the north of Poland, situated by the sea in the Bay of Gdansk. Its turbulent over a 1000 year history is present in its cozy streets with beautiful houses and churches, alive with numerous cafes, museums and amber workshops. Home to artisans, astronomers, philosophers and writers it boasts of its Nobel peace prize winner Lech Walesa and the rise of Solidarity. Surrounded by forests and lakes and bordered by a sandy Baltic coastline it gives multiple opportunities for

discovery tours of the city and region.

Looking forward to welcome you in Gdańsk. Please reserve the dates!

On behalf of of ICCS
